

# New Globes

NEW FIXTURE PERFORMANCE AT A FRACTION OF THE COST

LOW COST | US MADE | 15-40% MORE LIGHT PERFORMANCE

Vega's New Globe options offer you the lowest cost way to significantly upgrade the performance and appearance of your decorative lighting. Made in the USA with only the highest quality optical resins, these globes are the same globes used by the major manufacturers, at a fraction of the cost. Combined with Vega's best in class light sources, you get unmatched reliability and performance at a fraction of the cost.
